

CAM RESOURCES PTE LTD

PROVIDING TOP QUALITY SERVICE AND SOLUTION FOR OUR CUSTOMERS

We are professional in fabrication of precision mold and die tooling for carbide and tool steels. From design, build and mass production.

ABOUT US

OUR STORY

Established by a team of passionate industry experts who translated their years spent in custom precision tooling and molding into CAM Resources, we meet the growing demands of the market. The founders shared common values and joined hands on the mission to be the go-to custom precision mold and die manufacturer for the most demanding precision.

Founded in Singapore 16 years ago, we answered our customers' needs with the setting up of a new factory facility in Vietnam, Long An Province, within the reach of Ho Chi Minh City, in 2016. CAM Corporation is headed by its founding member Mr. Robin Tan who is passionately committed to the day-to-day operations of the business. committed to the day-to-day operations of the business.

OUR VISION

"To be the industry's first choice for all precision engineering and manufacturing requirements"

OUR MISSION

"To be a reliable partner providing customers with top-quality precision tools, mold and die components with unparalleled accuracy, competitive pricing, and on-time delivery"

SURFACE TREATMENT

We have reliable source for many kinds of surface treatment. Including basic treatments like black oxidation, anodizing, chrome plating, nickel plating and technical coatings like TIN, TICN, DLC, TiALN, etc.

We are always ready to suggest our customers of related treatment to ensure better precision and longer lifetime with our experience.
